MAC & CHEESE

Tuesday is
**PRICE\$
DAY**

Cooking tip: Don't forget to season the mac and cheese. Salt and pepper are crucial, but they are not the only ingredients that can accentuate the cheesy notes. A touch of ground mustard, Dijon mustard, or hot sauce are popular additions that add that more pleasing taste, making the mac and cheese just a bit more irresistible (marthastewart.com).

Macaroni and Cheese is a price controlled good and retails as follows:
