COCOA

**Tuesday is
PRICE\$
DAY**

Rich in antioxidants, cocoa tea lowers blood pressure and keeps cholesterol levels low. Research suggests that drinking cocoa may protect men's blood vessels against the harmful effects of stress. In particular, if one drinks cocoa tea hours before an event that is potentially stressful it may improve blood flow and lower the risk of cardiovascular disease (<https://simplybeyondherbs.com/cocoa-tea-drink/>).

Cocoa is a price controlled good and retails as follows:

Item	Size	Price	Item	Size	Price
